

Why hire from the Stuart School of Business?

"Overall we are very happy with the students we have hired from Illinois Tech Stuart School of Business as interns (most recently, one joined the group as a permanent full time employee post graduation). While demonstrating very solid technology skills, students and graduates have adapted very well to our work environment and demonstrated a solid grasp of all finance concepts."

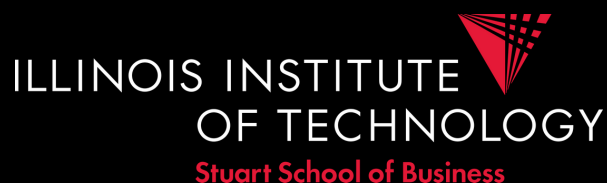

Jean-Luc Savignac
*Head of Sales Initiatives Americas
Eurex , Derivatives Markets Trading*
